

# Pretzels

A dough which has good extensibility is made from all the ingredients.

Further processing takes place without intermediate proof, so that uniform strands can be rolled out.

Skill is required here – twisting a pretzel – the shaped pretzels are placed on setters.

The mature, cooled pretzel dough pieces are dipped in a caustic soda lye and put on baking trays laid out with silicon paper.

# Pretzels

Cutting the pretzel dough piece.

The cut is sprinkled with rock salt.

The pretzels develop in the oven – the crust crack opens.

The pretzels will be ready in a short time.
